Incarnation
Incarnation: a person who embodies in the flesh a deity, spirit, or abstract quality

Avatar
A manifestation of a deity or released soul in bodily form on earth; an incarnate divine teacher

Reincarnation
In Jainism, a soul travels to any one of the four states of existence after death depending on its karmas.

Mahabad was the Prophet
Videvdad is the holy book of the Mithraism religion

The Aryan religion worshiped only one God known as God HU.
Zoroaster was the Prophet.
Avesta is the holy book of the Aryan religion

Note: Deva religions do not have holy books, but they did change the holy books of the Mithraism, Aryan, and original Christian religions. For example, they changed the holy book of 'Videvdad' to 'Vedic' after editing, they changed the holy book of 'Avesta' to 'Hebrew Bible' after editing, and they changed the holy book of 'Original Bible by Jesus Christ ' to 'New Bible' after editing

Lord Krishna
Lord Krishna is a major deity in Hinduism. He is worshipped as the eighth avatar of the god Vishnu. And also by some as the supreme God in his own right.

The anecdotes and narratives of Krishna's life are generally titled as Krishna Leela. He is a central character in the Mahabharata, the Bhagavata Purana, and the Bhagavad Gita, and is mentioned in many Hindu philosophical, theological, and mythological texts. They portray him in various perspectives: a godchild, a prankster, a model lover, a divine hero, and as the universal Supreme Being.

Greek Leaders
Greek Leaders are descendant of Lord Balarama. And Lord Balarama is a Hindu god and the elder brother of Lord Krishna

Jewish Leaders
Jewish Leaders are descendant of Lord Krishna. And Lord Krishna is a Hindu god.

Who are Kshatriyas?

The founder of the Mitra religion (Mithraism), Prophet Mahabad organized people into four groups as follow 'the Brahmins (priestly people known as Spianta-ma, Kurdish: Spianta-ma is meaning those who are enlightening us), the Kshatriyas (also called Rajanyas, who were rulers, administrators and warriors), the Vaishyas (artisans, merchants, tradesmen and farmers), and Shudras (laboring classes). The people were free to move from one group to others within these four organizations.

Kshatriya forces (Kurdish: Spa) were the military forces of the Mitra religion originally. They have started the war against the members of the Deva religion around Mount Damavand region because of the members of Deva religion abuse the Caucasian people for thousands of years before the coming of Prophet Mahabad.

The oral stories of Rustam (Kurdish: Ru-Stam, means the one who faced difficulties) and deva or Kawa and Zohak (Dehak) go back to more than 12,000 years. Kshatriya forces were not one tribe; they were combined with the Caucasian people from many different tribes. After defeating the members of the Deva religion from Mount Damavand region, they have to guard the border on the land of today Pakistan-Afghanistan to not allowing them to return to today Middle East.

The Baharat tribe was part of Kshatriya forces (Spa) that ruled entire Indian subcontract for thousands of years after the battle of ten kings. Kurukshetra of Baharat continues ruling that region.

After Kurukshetra war, Kurukshetra chased out a large number of the Deva religions members from India. And, Lord Balarama who settled in today Greek Island led part of the members of the Deva religion. And another part was led by Lord Krishna who settled in today Israel before conquering Egypt. Lord Balarama is the older brother of Lord Krishna, he did not agree with Lord Krishna's mischief during the Kurukshetra war.
Jewish people never lived on the land of today Urfa (Kurdish: Riha) or Harran region. They made up stories about Abraham (whom they admit now, that such person never did exist).

Thanks to modern technologies of today, the entire humanity is finding out the truth about the histories of humanity on Earth. Almost, every scholar knows about the lie and false stories of Jewish and Greek leaders now a day.

Kurdish people must study farther to find the truth about Kurd and Kurdistan, so they can protect the land from India to Europe and from Egypt to Mongolia that the land belongs to Caucasian or Aryan people.

Dedication

I am dedicating this book to those people who are seeking the truth. The truth can guide us to discover and understand the stories of Lord Deva (Kurdish: Dêw) versus God HU. This is the key to know, about the followers of Lord Deva (Satan). The followers of Lord Deva used religious teaching to control humanity. After a few people had controlled humanity, it was easy to use them against one another and deprive them of every right. And the Lord Deva's evil dreams will be fulfilled that way.

I also dedicate this book to my wife and partner in life, Ghezale Taishi, and to our eldest son, Jeff (Serkejh), our only daughter, Shawna (Perishan), and her husband, Tom, our younger son, Joe (Sertoon), and grandsons Dylan and Riley.

Chapter 1

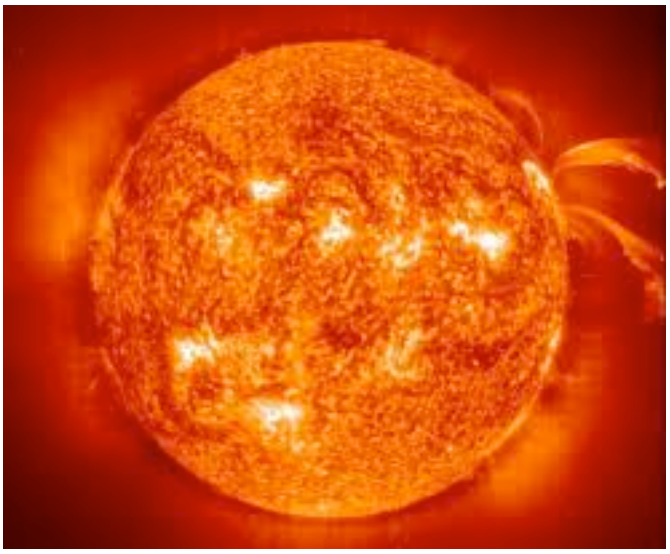

The Creation of Human and

Deva (Satan or devil) by God HU

Map of the Caucasian (Kew Gazî) Land

God HU created both human and Deva. But allowed Deva to destroy and transform human to not worship God HU as the creator. Almost all religions are informing us about human and devil stories above.

God HU Like the Sun According to Mitra Religion

The human is speaking a thousand different languages and dialects in the world. Almost all of them heard about the story of Adam and Eve, Noah's flood, and the creation of humanity from the Hebrew Bible stories of Judaism religion as one of the Deva religion. Also, modern scholars proved that most of the stories in the Hebrew Bible are wrong. But it is hard to convince the majority of the people that the teaching of the Deva religions is wrong because they already believe the Deva religious teaching for many generations.

The mother of all religion is known as Mitra or Mithraism religion, which is started by the Prophet Mahabad or Azar Hooshang (Known as Mahabharat in India) of Caucasian or Aryan people at least more than 12,000 years ago to fight the Deva group domination. Prophet Mahabad organized people into four groups as follow ‘the Brahmins (priestly people known as Spianta-ma, Kurdish: Spianta-ma is meaning enlightening us), the Kshatriyas (also called Rajanyas, who were rulers, administrators and warriors), the Vaishyas (artisans, merchants, tradesmen and farmers), and Shudras (laboring classes). The people were free to move from one group to others within these four organizations.

The Lord of Deva religions changed the four groups above into the Caste system by not allowing free movement from one group to another group.

Lord Deva (Satan)

The Mithraism and Aryan (Zoroastrianism) religions are informing us that God created Mashya and Mashyana (Hebrew Bible changed this to Adam and Eve) human (man of God HU) to live on Earth peacefully side by side.

Deva landed on Earth after the human. Deva kidnaped human's young women and girls to be used as sex slaves. Deva created a group of half human and half Deva from sex slaves to be used against the Caucasian or Aryan people. Deva abused Caucasian people for thousands of years before the coming of Prophet Mahabad (Azar Hooshang). Prophet Mahabad (Azar Hooshang) fought Deva group and liberated the Caucasian people.

Adam and Eve

https://en.wikipedia.org/wiki/Adam_and_Eve

Adam and Eve, according to the creation myth of the Abrahamic religions were the first man and woman. They are central to the belief that humanity is in essence a single family, with everyone descended from a single pair of original ancestors. It also provides the basis for the doctrines of the fall of man and original sin that are important beliefs in Christianity, although not held in Judaism or Islam.

In the Book of Genesis of the Hebrew Bible, chapters one through five, there are two creation narratives with two distinct perspectives. In the first, Adam and Eve are not named. Instead, God created humankind in God's image and instructed them to multiply and to be stewards over everything else that God had made. In the second narrative, God fashions Adam from dust and places him in the Garden of Eden.

Mashya and Mashyana (Hebrew Bible changed the name to Adam and Eve)

https://en.wikipedia.org/wiki/Keyumars

According to the Zoroastrian creation myth, Gayōmart was the first human, or, according to the Avesta, he was the first person to worship Ahura Mazda. The Avestan forms Mashya and Mashyana appear as the male and female first humans; their names are versions of the word marətan "mortal".

In the eighth book of the Denkard, a reference is made to the Chethrdāt section of the Avesta, which is divided into 21 sections. Apparently this section dealt with how the world and mankind were created, including the creation of Gayōmart. References are also made to the Varshtmānsar section, which also included information about Gayōmart which Ahura Mazda had given to Zoroaster: "For 30 centuries I kept the world from corruption and decay, when the 30th century came to an end the Dīvs assaulted Gayōmart ... But I finally repelled them and plunged them into the darkness".

Chapter 2

Kayhumart Vs Deva

The Caucasian people's mythological stories

According to ancient stories God Hu granted Keyumars the supernatural radiance called the farr (Avestan xvarənah), reserved for kings. His son was Siāmak was beloved of all except the Dêw (Devas, Ahriman, Devil), who raised an army under the command of his own demonic son. When the angel Sraosha (Avestan Sraoša, Kurdish Sraoša: Sraosha means on the path he or she is king) warned Keyumars, Siāmak led an army of his own. Siāmak accepted a challenge to single combat and died at the hands of the Dêw (Devas) son.

Keyumars mourned for a year, and then angel Sraosha advised him to fight Dêw (Devas) once more. Siāmak's son Hushang (Avestan Haošyaŋha or Prophet Mahabad) was grown by this time and led the army that defeated Dêw (Devas)'s son, who was bound and beheaded. Keyumars died after a thirty-year reign, leaving his throne to Hushang.

The followers of Prophet Mahabad (also called Mahabharat in India) fought Dêw (Devas)'s army and chased them out from their headquarter on Mount Damavand (Close to Tehran-Iran of today). The human army defeated Dêw (Devas) in many battles and Dêw (Devas) groups moved to mount Himalayas chain on today India. In time they formed Deva religion and founded many Kingdoms on the Indian subcontinent land.

The mythological war stories of king Kaykawis and his general Rustam as members of the Mitra religion and worshiper of God HU are against the members of Deva religion as the worshiper of Lord Deva. There is an indication of continued conflict between both religions. The war against Turanian was the continuing war between both religions

In short, the Mithraism religion forces (Kshatriya) waged war against the followers of the Deva religion for thousands of years, and station on the line to fight Deva armies, while many kingdoms established on the Caucasian land from today Pakistan to Europe and from Egypt to Mongolia. The Bharat tribe was the largest tribe among the Kshatriya forces. The Bharat and his brother Lakshah as part of the Mitra religion forces (Kshatriya) founded Bharat kingdom to fight the Deva kingdom in today Pakistan.

Chapter 3

The Battle of the Ten Kings

The war between the Bharat Kingdom of the Mitra religion forces (Kshatriya) and the Deva kingdom in today Pakistan and India went on and off for thousands of years while other Mitra kingdoms on the land between today Pakistan and Europe lived mostly in peace. In time most of the Deva kingdoms are united against the Bharat Kingdom.

The Battle of the Ten Kings (is meaning ten Kings took the path to war) is a battle alluded to in the Rigveda (Book 7, hymns 18, 33 and 83.4–8), in the ancient Indian sacred collection, of Vedic Sanskrit hymns. The battle took place during the middle or main Rigvedic period, near the Ravi River in Punjab.

Nine Kingdoms and few tribes' members of Deva religion listed below united to wage war against King Sudas of Bharat Kingdom. King Sudas of Bharat defeated them decisively for the first time after Prophet Mahabad war against Lord Deva.

Note: King Sudas was a member of Mitra religion, which is meaning this battle happened before the coming of prophet Zoroaster. I believe this war happened more than 8000 years ago. Indian scholars agree with my estimate.

- Alinas: One of the tribes defeated by Sudas at the Dasarajna, and it was suggested that they lived to the north-east of Nuristan because the land was mentioned by the Chinese pilgrim Xuanzang
- Anu: Some place them in the Paruṣṇī (Ravi) area
- Bhrigus: Probably the priestly family descended from the ancient Kavi Bhrigu. Later, they are related to the composition of parts of the Atharva Veda (Bhṛgv-Āṅgirasa)
- Bhalanas: Fought against Sudas in the Dasarajna battle. Some scholars have argued that the Bhalanas lived in the Bolan Pass area
- Druhyus: Some align them with the Gandhari (RV I 1.126.7)
- Matsya is only mentioned in the RV (7.18.6), but later in connection with the Śālva
- Parsu: The Parśu have been connected by some with the ancient Persians
- Purus: One of the major tribal confederations in the Rigveda.
- Panis: Also the name of a class of demons; later associated with the Scythians.

The Bharat kingdom ruled Indian subcontinent and Caucasian land from India to Europe for thousands of years.

Note: Battle of the Ten Kings took place at least 8 thousand years ago. Parsu: The Parśu have been connected by some with the ancient Persians are one of Deva kingdom then. Persian people of Tamil convert to Mitra religion and joined the Bharat kingdom as a servant of Bharat Kings. Persian is not related to Caucasian people by blood. They are the original Indian people and worshiper of Lord Deva (the forefather of Jewish leader) in the past. In time they betrayed the Caucasian people in today Iran during Median (Mede) Empire.

Chapter 4

The Coming of Prophet Zoroaster

Prophet Zoroaster

In 1997, William Ryan, Walter Pitman two American geologists and their colleagues first published the Black Sea deluge hypothesis. They proposed that a catastrophic inflow of Mediterranean seawater into the Black Sea freshwater lake occurred at 7,200 BP.

Although the story about Noah's Flood originated likely in Mesopotamia and the Epic of Gilgamesh is recorded at the northwestern end of the Persian Gulf, W. Ryan and W. Pitman, two American geologists, have attributed this flood to a location quite far away, on the other side of the large mountain chain: the Black Sea. There were significant Paleoceanographic events in the Black Sea at 8.4 and 7.15 ky BP.

Ryan and Pitman contend that the Black Sea at the time of the alleged flood was a fertile oasis, a cultural magnet where diverse peoples lived. Farmers, animal breeders, artisans, and others exchanged techniques and possibly genes. They point to the sudden appearance in Europe, shortly after 5600 BC, of "outsider" tribes, advanced farmers who, the theory goes, were fleeing the flooded Black Sea region. Other flood refugees, in this scenario, migrated to Russia's steppes, Anatolia, Mesopotamia, and the Middle East, preserving the memory of the catastrophe in mythic and oral traditions later enshrined on clay tablets and ultimately in the Bible.

Prophet Zoroaster came after the great flood of 5600 BC or BCE based on his holy book of Avesta (Avesta is meaning when the water stopped.

The Great Flood of 5600 BCE is destroyed the Caucasian land. And killed most of the Caucasian people. The Deva religion gain momentum by reviving on the land while the Bharat kingdom power diminished because of the Great flood above.

Prophet Zoroaster established Aryan religion to revive Mitra religion and to fight Deva religion. In time most of the members of the Mitra religion joined Aryan religion. The war between the Aryan religion and Deva religion will continue for thousands of years again.

Note: Prophet Zoroaster was from Urfa (Kurdish: Riha), he moved to the kingdom of Airyanem Vaejah. He did build center for his teaching by name of Riha in today Tehran-Iran. It is known now by name of Rey (Shahr-e-Rey). The place was holy for members of Aryan religion similar to the city of Macka for the members of the Islamic religion.

Chapter 5

Kurukshetra War

The members of the Aryan religion defeated the members of Deva religion and chased followers of Deva back to Indian mountain. King Kuru of kshetra from the Bharata Dynasty established a strong Aryan kingdom in Hastinapur to fight members of the Deva religion. After ruling for many generations they faced with the unsolvable conflict in the year 3100 BCE. The conflict arose from a dynastic succession struggle between two groups of cousins, the Kauravas, and Pandavas, for the throne of Hastinapura in an Indian kingdom called Kuru. It involved a number of ancient kingdoms participating as allies of the rival groups.

Lord Krishna as the Lord of Deva religion used both sides against one another. Lord Krishna established a friendship with Prince Arjuna, one of five Pandavas brothers. And on another hand, Lord Krishna sends his followers to help Kauravas's cousin as an enemy of Pandavas brothers.

Pandavas brothers win the war and then found out that Lord Krishna used them against one another (Aryan was killing Aryan). The Pandavas brothers were looking to kill Lord Krishna and his elder brother and their followers. Lord Krishna run away with his followers and stopped in today Israel to fight back Aryan. While his brother settled on the Greek Islands and fought back Aryan. The Aryan army fought them always. Lord Krishna did build the Temple of Jerusalem and used it as his headquarter to fight Aryan forces followed them. Lord Krishna went on and conquered Egypt and then enslaved Black Egyptian people. He used them to build those Egyptian pyramids. He and his descendant ruled Egypt for many generations as the Pharaohs Ancient Egypt.

Egyptian revolted and then establishes the Eighteenth Dynasty kingdom of Egypt (1549/1550 to 1292 BC.)
Note: This Eighteenth Dynasty of Egypt is not from the descendant of Lord Krishna they are Egyptian and enemies of the followers of Lord Krishna and his descendant as royal families for the last 1500 years.

The descendant of Lord Krishna who had a very good education established the new religion. Which is later on called Judaism religion after going through many evolutions?

The outcome of the Kurukshetra War brought two enemies for people in the Middle East and Europe. The descendant of Lord Krishna and Lord Balarama in today Egypt and Greek Island always fought the members of the Mitra (Mehr) and Aryan (Zoroastrianism) religions. The leader of the Jews and the leader of Greek people cooperated and helped the establishment of Christian and Islamic religion. to be used for the destruction of the Mitra and Aryan religion on the Caucasian land from India to Europe and from Egypt to Mongolia. Greek and Jewish scholars fooled the Caucasian people in the last 2000 years. And then always used them to fight one another.

Chapter 6

Akkadian Empire Wars

Asuras are a class of divine beings or power-seeking deities. In the Hinduism religion, Asura (also known as Suras) are related to the Devas and Devas are more benevolent in Hinduism religion. Both Asura and Deva existed side by side before becoming enemies of one another. The followers of Asura and Deva split and waged war against one another. The members of the Deva religion chased them out of India to move back to today Iraq and Syria.

Lord Asuras are sometimes considered nature spirits. They battle constantly with the Lord devas. The conflict between worshipers of the Lord Asuras and Lord Deva started in today India. But that conflict between the worshipers of Lord Asuras, known as Aramaic speakers (Assyrian, Chaldeans, Amorite, Armenian, and others) and the worshipers of Lord Deva namely (Hebrew Jews, Greeks, and Arabs). Both groups fought one another in the Middle East too. did continue in the Middle East too. Both of them fought one another and fought members of the Mitra and Aryan religions at the same time too.

African slaves, who revolted against Sumerian rulers, build Akkadian Empire. Akkadian slaves were a worshiper of Lord Asura. Akkadian Empire attacked Elam and other white Caucasian kingdoms. Akkadian Empire gives the Caucasian land to Assyrian, Chaldeans, Amorite, Armenian, and others. The Gutian of Lak and Elam defeated the Akkadian Empire later on but allowed those tribes to stay. In time Sumer took back the kingdom from Gutian. But the Assyrian as the worshipers of Lord Asuras came to power with vengeance in mind. First, they defeated Sumer and then eliminated 10 tribes of Hebrew Jews out of 12 tribes because they were the worshipers of Lord Deva.

King Nebuchadnezzar of the Neo-Babylonian (Chaldeans) Empire as the worshipers of Lord Asuras destroyed the Hebrew Jewish kingdom as the worshipers of Lord Deva

Chapter 7

Medes Empire Wars

The white Caucasian people from India to Europe and from Egypt to Mongolia were members of the Mitra (Mehr) and Aryan (Zoroastrianism) religions. They formed many kingdoms with the help of kshetra forces to fight the members of the Deva religions. The descendant of Lord Krishna and Lord Balarama led Jewish and Greek people to wage wars on the white Caucasian people always.

The kshetra forces of the Mitra (Mehr) and Aryan (Zoroastrianism) religions helped the creation of the kingdoms known as Elam, Sumer, Gutian Lak of Elam, Kassite Lor of Elam, Hurrians, Hittite, Mitanni, Medes, and other white Caucasian people kingdoms, they fought the kingdoms built by the Jewish and Greek leaders as the descendant of Lord Krishna and Lord Balarama (Both brothers are the Lords of Deva religion).

The followers of Lord Asura namely the Assyrian, Armenian, Amorite kingdoms killed hundreds of thousands of members of the Mitra (Mehr) and Aryan (Zoroastrianism) religions too. And they fought members of Deva religion.

The kshetra or Kshtrahyah forces of the Medes destroyed the Assyrian Empire for good. But failed to stop the great conspiracies of Queen Esther and her cousin Mordecai as one of the Jewish leaders. Queen Esther and her cousin Mordecai. Mordecai conspiracies against King Astyages of Medes (king Ahasuerus) is famous, which made every Jewish to be proud of it. Chapter 9

The Coming of Jesus Christ

Jesus Christ came to reform the Aryan religions. He was trying to destroy the Judaism of the Deva religion teachings. Jesus Christ did throw the Hebrew Bible into the trash bin. The leaders of the Judaism of the Deva religion united against the teaching by Jesus Christ. They helped the Roman Empire to kill him

After 300 years of Jesus Christ death, Greek and Jewish scholars helped the Roman Empire King to establish the new Christian religions. In the new Christian religions, they taught the members of the new Christian religions that Jesus Christ adopted the Holy Bible of the Judaism of Deva religion as the bases of his teaching.

The Roman Empire Kings used the new Christian religions for the elimination of Mitra religion in Europe. And they used the members of the new Christian religions to fight the members of the Mitra religion during the Parthian Empire (Ashkanian Empire). After the Sasanian Empire took over the Parthian Empire, the Roman Empire Kings used the new Christian religions for the elimination of the Aryan (Zoroastrianism) religion in the Middle East.

Greek and Jewish leaders used the Roman Empire and the Parthian Empire to fight one another for 400 years. And after that Greek and Jewish leaders used the Roman Empire and the Sasanian Empire to fight one another for 400 years more. In time the influence of Greek leaders faded away but the influence of Jewish leaders increased in the world of new Christian religions.

After 800 years of war between the white Caucasian people's of Europe and the Middle East Empires, the new Christian religions leader and Jewish scholars helped Prophet Mohammad to create the Islamic religion (the Islamic religion is one of the Deva religion). The Islamic religion did come to fight and destroy the Aryan (Zoroastrianism) religion in the land of the Middle East.

Chapter 10

The Coming of Prophet Muhammad

Indeed, after 800 years of war between the white Caucasian people's of Europe and the Middle East Empires, the new Christian religions leader and Jewish scholars helped Prophet Muhammad to create the Islamic religion (the Islamic religion is one of the Deva religion). The Islamic religion did come to fight and destroy the Aryan (Zoroastrianism) religion in the land of the Middle East

Prophet Muhammad successfully used Islamic religions teaching to unite Arab leaders. The Arab leaders used Islamic religion forces to destroy the Sassanid Kurdish Empire and the Aryan (Zoroastrianism) religion, the Aryan religion of Kurdish people are destroyed for good

Prophet Muhammad and his cousin Ali ibn Abi Talib are from Jewish leaders by blood. They were members of the Deva religions and worshiped Lord Shiva before creating the Islamic religions.

Criticism of Muhammad has existed since the 7th century, when Muhammad was decried by his non-Muslim Arab contemporaries for preaching monotheism, and by the Jewish tribes of Arabia for his unwarranted appropriation of Biblical narratives and figures, vituperation of the Jewish faith, and proclaiming himself as "the last prophet" without performing any miracle nor showing any personal requirement demanded in the Hebrew Bible to distinguish a true prophet chosen by the God of Israel from a false claimant; for these reasons, they gave him the derogatory nickname ha-Meshuggah (Hebrew: "the Madman" or "The Possessed").

During the Middle Ages, various Western and Byzantine Christian thinkers considered Muhammad to be a perverted, deplorable man, a false prophet, and even the Antichrist, as he was frequently seen in Christendom as a heretic or possessed by the demons. Some of them, like Thomas Aquinas, criticized Muhammad's promises of carnal pleasure in the afterlife.

One thing is clear for the Kurdish people that Arabs, Persian, and Turks used Islamic religions teaching to destroy Kurdish people. Arabs, Persian, and Turks are used Islamic religions teaching to destroy the Aryan religions of Kurd. Arabs, Persian, and Turks are taking the land by force, which is belongs to the Kurdish people and other Aryan people of the Middle East.

Umar ibn al-Khattab is used the Islamic religion laws faithfully 1400 years ago to destroy the Kurdish people and their Aryan religion. And Abu Bakr al-Baghdadi has used the Islamic laws faithfully on 3 August 2014 to destroy the Kurdish people and their Yazidi religion. Indeed, the crime of Umar ibn al-Khattab is repeated by the Abu Bakr al-Baghdadi in front of our eyes.

Safavid Empire Vs Ottoman Empire

The Battle of Chaldiran

Islamic Arab army forces of the Deva religions destroyed the Sassanid Kurdish Empire and the Aryan religion of the Kurdish people based on Lord Shiva teaching to Destroy and transform people. Indeed, the Islamic Arab Army destroyed everything belonging to the members of the Aryan religion and forced them to convert into Islamic religion (transformed members of the Aryan religion). The process was similar to the New Christian of the Deva religion's performance against the members of the Mitra religion in Europe.

After the death of Prophet Muhammad, the dispute over succession to prophet Muhammad as a caliph (king) of the Islamic Arab Empire led to the split of Islamic religion into Sunni Islam and Shia Islam. The conflict between Ali ibn Abi Talib (from Jewish blood) and Umar ibn Al-Khattab (from Black African Arab blood) led to internal war between Islamic forces.

In time one of the Kurdish men from the family of Yazidi's of Sinjar converts to the Islamic religion and moved to Lahijan-Iran region and established the religion teaching in Lahijan area calling himself Zuhdi Sayyid. And later one young Yazidi boy of his relative went to him to get Islamic education. The boy grows up and got married to Zuhdi Sayyid daughter after finished school. He moved to Azerbaijan and started his Islamic education center. The descendant of that boy from Sinjar builds the Safavid kingdom. Kurdish people rejected them but Turk and later Persian followed them as ruler and leader of the Islamic Shia. The majority of Kurd was a follower of Sunni Islam; they joined Sunni Turks of the Ottoman Empire to defeat the Safavid Empire in the battle of Chaldiran.

Sultan Selim I (1512–1520) dramatically expanded the Empire's eastern and southern frontiers by defeating Shah Ismail of Safavid of Iran, in the Battle of Chaldiran. Sultan Selim I, established Ottoman rule in Egypt and created a naval presence on the Red Sea. After this Ottoman expansion, a competition started between the Portuguese Empire and the Ottoman Empire to become the dominant power in the region.

Islamic Shia and Sunni waged war against one another over the land of Kurdish people known as Kurdistan. The suffering of Kurdish people multiplied until the coming of modern Imperialist of England, France, Russian, and then American. The Jewish leaders as enemies of the Aryan religion were in control of the Imperialist leaders of England, France, Russian, and American always, which led to more suffering of former members of Aryan religion people.

The Sykes-Picot Agreement was made against the former members of the Aryan religions people of the Middle East based on the Jewish leader's religious teaching (the New Christian religion teaching). Indeed, today American and Russian doing the same thing as England and France did yesterday.

The Sykes-Picot Agreement, officially known as the Asia Minor Agreement, was a secret 1916 agreement between the United Kingdom and France, to which the Russian Empire assented. The agreement defined their mutually agreed spheres of influence and control in Southwestern Asia. The agreement was based on the premise that the Triple Entente would succeed in defeating the Ottoman Empire during World War I. The negotiations leading to the agreement occurred between November 1915 and March 1916 and it was signed 16 May 1916. The deal, exposed to the public in Izvestia and Pravda publications on 23 November 1917 and in the British Guardian newspaper on November 26, 1917, is still mentioned when considering the region and its present-day conflicts.

Chapter 12

In conclusion

The former members of the Mitra religion of Europe and the former members of the Aryan religion of the Middle East are suffered from the Jewish leader's policies as the Lord of Deva religions for over 2000 years. But the modern internet uniting people against Jewish leaders now.

The white Caucasian people in the US and Europe are fighting Jewish leaders power in their countries. And former members of Aryan religion people of the Middle East are following Abdullah Ocalan teaching to defeat the Jewish leaders plan in that part of the world.

Is God HU playing with humanity by allowing the Jewish leaders (Lord of Deva religions) as the leader of Deva religions to take over the world and then using humanity to bring them down? How many time Humanity defeat Lord of Devas (Satan) and how many time Lord Deva (Satan) defeated human.

Prophet Mahabad and Prophet Zoroaster defeated Lord of Devas (Satan) and members of Deva religion in the past. Is Abdullah Ocalan teaching and the White Caucasian of America and Europe are going to defeat Jewish leaders as Lord of Deva religions?

Probably the games of God HU will continue forever!

About the Author

Hamma Mirwaisi

Hamma Mirwaisi was exposed to the oppression of Kurds while still a youth and his education were frequently interrupted by Iraqi government harassment. Hamma had little choice but to join the peshmerga (freedom fighter) forces of Mustafa Barzani from 1968 to 1975 in their battles against the Iraqi Government forces. He finished High school in Iraq during peacetime in the year 1970.

Although the conflict was resolved by treaty in 1975, he foresaw reprisals by Saddam Hussein's secret service against his extended family. He took his wife and two children to Iran, and in 1976 they entered the US as legal refugees, settling in Valley City, North Dakota. He earned a Bachelor of Science (B.S.) in Electrical Engineering, master's degree in Electrical Engineering, and a two-year study in the Ph.D. program and embarked on a technical career supporting highly sensitive defense programs.

The tragedy of the Kurds intervened again in 1995. His sister and her two-year-old daughter were drowned while escaping Saddam Hussein's reprisals against the Kurds for their rebellion during the first Gulf War. He returned to Kurdish affairs in 2004, when the US Army called on him to serve as an interpreter in the second Gulf War. At the end of that assignment, he began seeking American corporate sponsors for the rebuilding of Kurdistan, now controlled by the same Barzani for whom he fought in the 1970s; but the program ended when it became clear that nothing would proceed without illegal payoffs.

Since then, Mirwaisi has devoted his efforts to spread the word about Kurdish Unified Language and history and culture through writing and speaking. After his first book, Return of the Medes, he was invited to serve for a year as an honorary member of the Kurdistan National Congress (KNK), a Kurdish parliament in exile that sits in Brussels.

He is the author of many other books on Kurdish affairs and divides his time between Colorado and Florida.
