

## **Petition against any Possible Invasion of South Kurdistan by Turkey**

**To:**

**28-2-2003**

**Mr. US President George W. Bush**

**The United Nations**

**The European Union**

We, the Kurdish nationals who have signed this petition, are deeply concerned about the fate of our homeland Kurdistan and its people in the event of a war on Iraq. We are extremely concerned about the US-Turkish agreement to allow the Turkish army, which has a long history of committing atrocities against the Kurdish people, to invade and occupy another part of Kurdistan.

We demand that Turkey not be given any opportunity to invade South Kurdistan, under any pretext whatsoever. We also demand that the Kurdish people be protected against aggression and attacks from the Iraqi, Turkish or any other regional armies.

The Kurdish people will forcefully resist any invasion of South Kurdistan by Turkey.
